

Bull Charge Beneficiary Outreach with Fei Yue Community Services

16 SGX volunteers spent the afternoon making percussion instruments & playing in a percussion ensemble with 40 precocious children from the Fei Yue Student Care Centre on 1 April 2016. Using household items such as pots and pans, toilet paper, and masking tape, the volunteers and students recreated various parts of a drum kit.

The volunteers then proceeded to conduct a percussion workshop for the children using the instruments they had made.

The beneficiaries had fun with the volunteers and gained a few more friends!
