

SGX Bull Charge Cares: Fridays with AWWA (August)

The AWWA Senior Activity Centre was filled with excitement on 18 August when 22 volunteers from the SGX Regulations unit visited them.

The SGX Bull Charge t-shirts has been a familiar sight each month at the centre and this time round, the seniors were all geared up for a special 'Duck Tour' excursion!

After a quick ice breaker, the volunteers promptly ushered the seniors to their buses. Destination? Suntec Convention Centre, where three vehicles from Duck Tours were waiting for the seniors.

It was the first time for many seniors (and volunteers) who were embarking on this Duck Tours trip and one could visibly see the excitement on the seniors' faces when they saw the Duck Tours vehicles!

Did you know that these vehicles are refurbished WWII amphibious crafts from Vietnam that have been repurposed for a unique tour of Singapore?

The tour brought the group around Singapore's iconic landmarks such as the Singapore Flyer, the Merlion, Esplanade and Gardens by the Bay, which was a nostalgic moment for the seniors as they reminisced the good old days of the Lion City and how far the country has progressed.

After the Duck Tour, the seniors returned to the Senior Activity Centre for a sumptuous lunch. The volunteers were split into teams to distribute bento sets to the seniors there while some delivered food to the seniors at the Senior Community Home.

Special thanks to all SGX volunteers for their time in bringing some cheer to the seniors!
