

PMO's KidsZania time with Fei Yue kids

19 June 2018

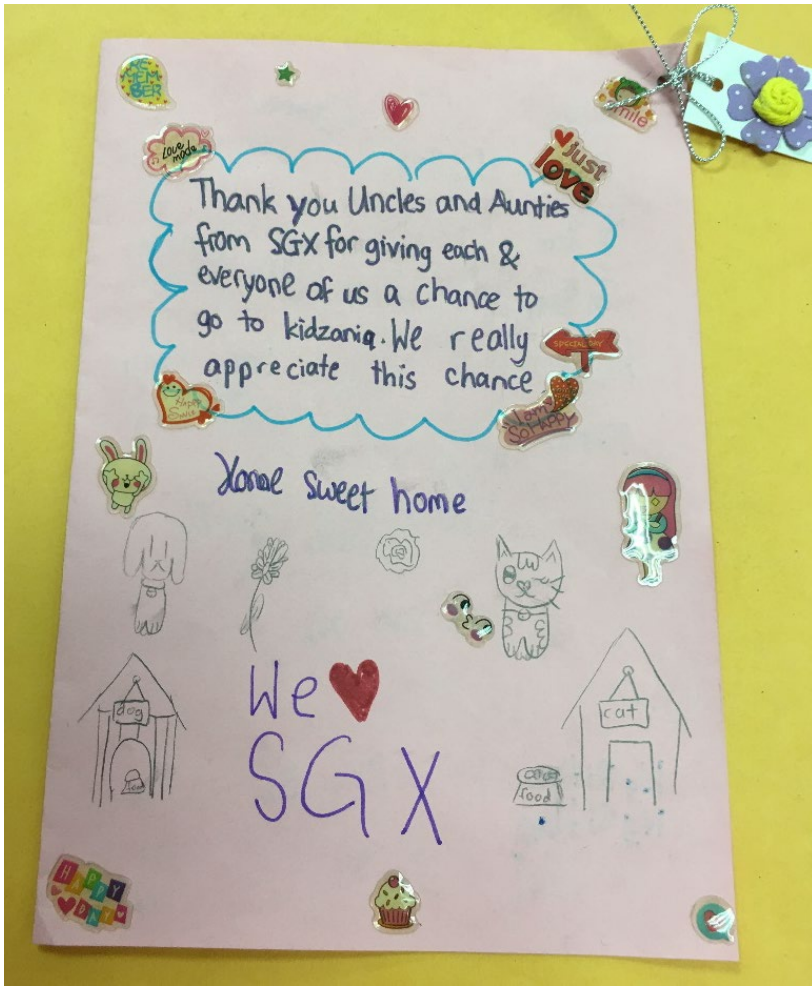

A fortnight ago, 20 PMO volunteers headed to Fei Yue Student Care Centre (Choa Chu Kang) for an important assignment – to accompany the under-privileged children to KidsZania!

There was no time to waste once our volunteers arrived and the eager beaver kids were ready to roll. After a quick icebreaker and distribution of goodie bags, each volunteer was paired with 1-2 kids before setting off to Sentosa.

For many of these children, it was their first time to KidZania, where they could experience role playing various occupations, such as doctor, mountaineer, policeman or a fire-fighter, and they each earn KidZos (currency used in Kidzania) for work performed. KidZos could then be used to purchase souvenirs, thus to incentivise them to 'work' harder.

Before the day concluded, our PMO volunteers received a pleasant surprise – the children presented a hand-made appreciation card to our volunteers!
