

Bring our Benes to Work

28 June 2019

Last June, SGX Cares hosted the kids from AWWA and Fei Yue Community Services for Fun Friday at the SGX Vista. Our staff volunteers from TEC Unit accompanied them in several fun and enriching activities.

From fascinating physics experiments to hands-on art classes, the kids were thrilled to participate in all the activities as they brought home with them their handmade keychains and tote bags.

Benny, the SGX Bull Charge mascot, also made an appearance to keep the children entertained with his warm hugs and high-fives. It was definitely a fun-filled day for the children!
