

Picnic with Benes

7 September 2019

In September, 21 volunteers from the Operations & Market Services Unit brought their families and 30 children and youths from AWWA Ltd and HCSA Community Services to the East Coast Park. Their age ranged from 6 months to 19 years old and also included some children with special needs. A lot of thought was put into the planning of the activities to ensure that it was a fun day for all.

An amazing race consisting of treasure hunting, ping pong relay and 3-legged race were planned for the older kids, while the preschoolers played some casual games and puzzles stations. After the games, every one cooled down and had some food, followed by a prize presentation.

Volunteers also spent some time after work packing goodies into the SGX Bull Charge drawstring bags so that every kid will receive one and leave with a smile.

It was a day full of sunshine, fun and laughter, for both our beneficiaries and volunteers.
