

## Season of Giving 2019 Part 1

23 Aug 2020

As the annual Season of Giving kick starts, 22 volunteers from the RegCo Unit took a day off to take part in Part 1 of the event at a few Fei Yue Senior Activity Centres.

They spent their day collecting wish lists from the seniors, which will be distributed during the Season of Giving Part 2. On the same day, RegCo volunteers also packed standard goodie bags for the elderly to take home after making their selection.

The volunteers also took the effort to go down to the houses of those who have difficulties coming down to the various centres, to note down their orders so that they were also well taken care of.

It was a meaningful day for everyone as smiles were exchanged and SGX Cares is able to help them and bring them joy.
